SONG ASSESSMENT TOOL

All songs that are sung in any Sweet Adelines International contest must have received an “Admissible” rating prior to its contest performance.

1. Check the Song Assessment Database to see if your song and arranger are in the database [Song Assessment Database](https://sweetadelines.com/song-assessment-tool)

- An admissibility request submitted through the SAT form is required for any of the following situations:
 - Your song is not listed. This includes medley component songs.
 - Your arrangement is not listed.
 - Your song is a parody or contains more than minor lyric modifications.

2. If you need to submit a new song through the Song Assessment Tool, **It is advisable that this be done at least 2 months prior to your contest date. Regional season is a busy time for the Song Assessment Committee.**

Important: When checking the Song Assessment Database, if a song has been rated admissible, please be sure to check for “Yes: Lyric” or “Yes: Note”. If your song has one of these notes listed, it is important that you click the link in the next column and read the notes added by the Song Assessment Committee. Songs with a “Yes: Lyric” designation do require a lyric change in order to be admissible for contest. Other “Yes” designations provide information you may want to consider in choosing the song.

Competitor Entry forms contain space for competitors to include the Song Titles, Arrangers, and Dates that each song was rated as “Admissible”. Competitors should fill out these forms with any and all songs that might be performed at Regional contest. **ENTRY FORMS WILL NOT BE ACCEPTED IF THIS SECTION IS BLANK.**

Competitors will ALSO turn in a Song Information Sheet at their briefing, which is their last opportunity to make any changes to their song choice or order.

All music **must** clear the copyright process. Failure to use cleared arrangements may result in disqualification.
